

Single-Use Bioprocess Tubing Kits and Assemblies

Made to Your Custom Specifications

Here's what we offer in 3 Easy Steps

1 DESIGN YOUR ASSEMBLY

Technical specialists work with you to create / design the assembly and provide recommendations on tubing, fittings, quick connects and filter components.

2 QUOTATION and 2D or 3D DRAWING

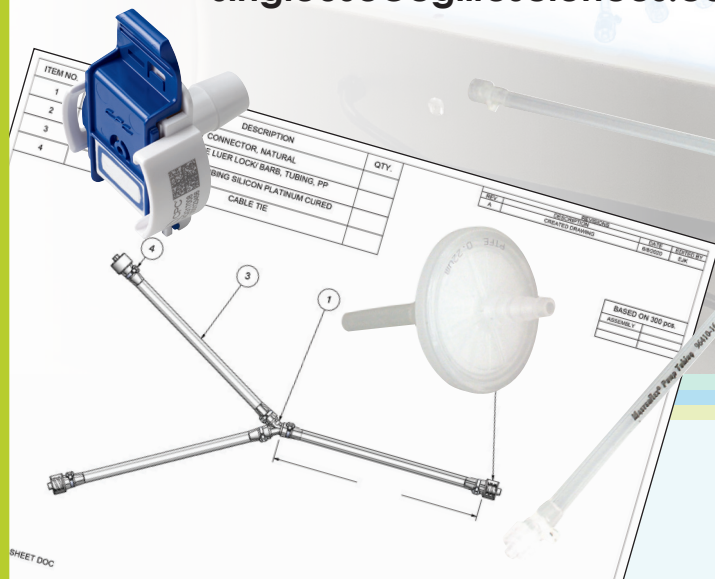

Fast turnaround on your quotation and drawing of your assembly. The drawing will include details and a subcomponent bill of materials.

3 DELIVERY – SINGLE ORDERS or BLANKET ORDERS

We work with you to meet your delivery needs on single orders or blanket delivery scheduling. Chemglass stocks many fluid handing components such as tubing, fittings, quick connects and filters so they are available when needed.

Let's discuss your custom specifications.
